

Micronarc Alpine Meeting

Micro-manufacturing in the Swiss Alps

16th edition

Marthelle Bachofer

28-29 April 2025

 Villars-sur-Ollon

The **mAm conference** focuses on equipment for high-volume manufacturing of **micro-products** and high-precision **micro-manufacturing**. Conference participants can expect **2 days** of high-quality presentations on various applications and cutting-edge micro-manufacturing technologies.

First Day

▲ Welcome

MORNING

▲ Keynote

Bosch Sensortec

▲ Session - Watchmaking

FEMTOprint
Piaget
Flexous

Lunch

▲ Session - Medtech

KIT - Biomedical technologies
Artiria Medical
KIT - Microstructure Technology

AFTERNOON

▲ Keynote

KIT - Accelerator Physics

Evening Dinner

Private train to restaurant

Second Day

▲ Session - Sensors

ST Microelectronics
Sensirion
IMS CHIPS

MORNING

▲ Session - Next-Generation Energy

CSEM
KIT - Smart Materials and Devices
Btry

Lunch

▲ Keynote

University of Stuttgart,
Institute of Smart Sensors

AFTERNOON

▲ Closing Session

Draw for Tissot T-Touch

 MICRONARC

Western
Switzerland
Micro-nanotech
Cluster
